

Company Cost

All dance accounts must remain on autopay on the 1st of the month. Company costs have been broken into 12 monthly payments. **Company costs begin in May and are *in addition to monthly tuition*.** (Please note that tuition will increase next school year.) All company fees are non-refundable for any reason. Uniforms are not included in the cost of company. **All dancers will be required to purchase our new jacket style for the upcoming school year at \$80 each.** For new members, a full uniform (including jacket, leggings, leotard and required makeup kit) is \$225 and must be purchased separately. Replacement costs: leggings (\$55) and leotard (\$40).

✓ = included in monthly cost

--- = does not apply

* all summer training must be taken at St. Augustine Dance Academy unless approved in advance

The only items not included are the uniform (\$225), any required summer training (can vary and not required for all) and tickets to our Company Winter Showcase. Tuition is calculated August through June by the number of hours per week your dancer is enrolled (including time in company class – one hour per company dance). If your dancer participates in our June recital, those fees can be broken down monthly August through May or paid in full in October.

The example below is for a new student in our “Pre” company. The dancer would be enrolled in the following three required classes for next school year: Ballet, Jazz and “Pre” Company Class for one dance.
